Vehicle FORD 2020 MUSTANG (Performance Package Coupé, Track Package Coupé)

Besides improved fuel economy, handling and safety, what do these measurements mean?

CASTER is the tilt of the axis that the wheel steers around. It affects how the vehicle tracks as you drive down the road and can affect handling.

CAMBER is the angle of the tire in relation to the road surface. It affects tire wear, and handling when turning.

TOE is a measurement of how much the wheel is turned in or out from a straight-ahead position. It affects tire wear, handling and can make your steering wheel crooked.

Your vehicle has been aligned using a precision **HOFMANN** wheel aligner.
