2021 Mustang Mach 1 Preview

Mustang Mach 1 Returns

The Power of Personalization Is in the Driver's Hands

With aggressive aerodynamic enhancements and the muscle of pony car performance, the 2021 **Mustang Mach 1** will come roaring back to life later this year. After a 17-year hiatus, the all-new version of the classic fastback coupe — stocked with its own signature style, advanced technology and unrivalled attitude — will be offered as a limited-edition trim equipped with an aerodynamic design to optimize front-to-rear airflow and suspension upgrades to excel at track speeds.

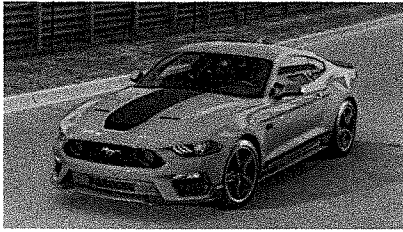

Mustang Mach 1 will have exclusive design cues to differentiate it from the lineup, but customers can also customize their Mach 1 with performance options, colors, striping and packages.

TRACK-READY PERFORMANCE

This revival vows to be much more than stripes and graphics. The 2021 Mustang Mach 1 is designed to offer bona fide performance architecture and parts for driving enthusiasts, featuring systems adopted from Shelby GT350 and GT500 to create its track-capable suspension, handling and bold, dynamic design that pays tribute to its heritage. Equipped with the equally legendary 5.0L V8 engine, Mustang Mach 1 packs a punch with 480 horsepower and 420 lb.-ft. of torque.⁽¹⁾

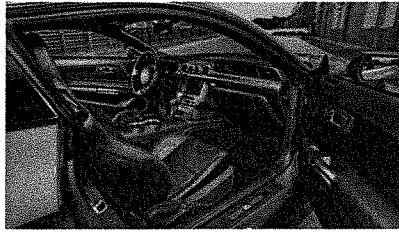

KEY MESSAGES

Exterior

Mustang Mach 1 recaptures the muscle-car magnetism of the original Mach 1 fastback coupe, which first debuted in 1969, with state-of-the-art style and performance multipliers. The 2021 Mustang Mach 1 carries a bold street presence, faithful to the Mustang legacy, but with an all-new front end design, updated grille with pony badge and deep mesh inserts, plus a front splitter to channel airflow.

KEY EXTERIOR FEATURES

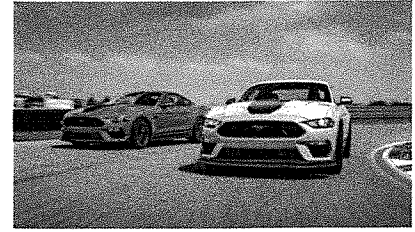

- Performance rear spoiler
- Hood accent stripe and side stripe
- 19" x 9.5" front and 19" x 10" rear Dark Tarnish-painted Low Gloss Aluminum Wheels
- Exclusive Fighter Jet Gray exterior color in Mach 1 Appearance Package
- Magnetic-painted mirror caps
- Black brake calipers standard
 - Orange calipers and red calipers available

Interior

The Mach 1 commitment to the thrill of driving also applies to the interior design. The 2021 Mustang Mach 1 will feature a driver-focused cockpit, featuring a 12" LCD digital instrument cluster with MyColor, plus an aluminum instrument panel with its own Dark Spindrift appliqué. Mustang Mach 1 customers can make the interior more distinctive with available packages.

KEY INTERIOR FEATURES

- White cue-ball shift knob (manual transmission)
- Mach 1 badge on the instrument panel with a unique chassis number
- "Mach 1" etched into the door sill plates
- 6-way power driver seat and 4-way power passenger seat standard
- Available RECARO Sport Seats in cloth or leather trim
- Mach 1 Appearance Package with Ebony and Orange interior
- Premier Trim with Color Accent Group (700A)
- B&O Sound System by Bang & Olufsen with 12 speakers
- Aluminum foot pedals (700A)

Performance and Handling

Mach 1 is designed to be an all-star track performer. The 2021 Mustang Mach 1 will feature race-proven performance parts, many of which are shared with the Shelby GT350 and Shelby GT500. The parts were chosen for their effectiveness in optimizing airflow, cooling and downforce. Customers can choose the TREMEC[®] 6-speed manual transmission with short-throw shifting, rev matching and TORSEN[®] differential with 3.73:1 limited-slip axle ratio, along with an increased top speed of 168 mph. Or they can select the 10-speed SelectShift automatic with TORSEN 3.55:1 limited-slip rear axle ratio and paddle shifters.

KEY PERFORMANCE AND HANDLING FEATURES

- Open Air Induction System (AIS)
 - Revised powertrain control module (PCM) calibrations
 - Active valve performance exhaust system with revised tuning
 - MagneRide Damping System
 - Performance-based chassis tuning
 - Brembo[™] six-piston front brake calipers with larger rotors
 - Heavy-duty front springs
 - Mach 1-specific tuning for electric power steering assist, ABS and stability control settings
 - Gauge Pack (oil pressure and vacuum)
 - Cooling systems for engine oil, transmission and differential
 - Larger rear stabilizer bar
 - Larger radiator
-

Handling Package Coming Soon

The Mustang Mach 1 Handling Package features track-ready components and tuning to elevate both agility and appearance. This package's availability is Spring 2021. Stay tuned to eSourceBook for updates.

Included in Handling Package:

- 19" x 10.5" (front) and 19" x 11" (rear) Dark Tarnish-painted aluminum wheels
- Michelin Pilot Sport Cup 2 summer-compound tires⁽²⁾ from Shelby GT350R
- Adjustable top strut mounts
- Rear wing/spoiler with Gurney flap
- Performance front aero splitter
- Revised chassis tuning

Mach 1 Appearance Package

Here's another option package to make a more distinctive styling statement both inside and out of the new Mach 1. This package is available with the 700A equipment group only.

Included in Mach 1 Appearance Package:

- Fighter Jet Gray exterior color
- Ebony/Orange interior
- Orange brake calipers
- Unique black and orange hood stripe and side stripes
- Orange front seat back accent color

(1) Horsepower and torque ratings based on premium fuel per SAE J1349[®] standard. Your results may vary.

(2) Ford does not recommend using summer tires when temperatures drop to approximately 45° F or below (depending on tire wear and environmental conditions), or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires.
