

MAKE YOUR MACH JONG

The black-striped hood, shark-nosed grille, and bold, muscular style – the Mustang Mach 1 was an icon from the moment it first appeared. Now, 50 years later, it returns to enthral a new generation in a strictly limited edition. Move fast, or be left in its dust.

DYNAMIC BY DESIGN

The Mach 1 delivers race-inspired performance that both flatters the novice and rewards the expert driver.

Mustang's iconic Coyote 5.0-litre V8 is upgraded with a Shelby GT350 intake for 345kW of power and 550Nm of torque, announced via Mach 1's Active Exhaust and Selectable Drive Modes.

COMPETITION-READY CHASSIS

Bespoke steering, MagneRide® suspension with stiffer sway bars and front springs, and a rear subframe using stiffer bushings and a Shelby GT500 rear toe-link combine for precise handling.

3 UNDERBODY AERO

An underbody pan smooths and increases airflow under Mach 1, increasing downforce and brake cooling flow – a first for Mustang.

50 YEARS OF TURNING HEADS

The Mach I was introduced in 1969 as a bridge between the Mustang GT and SVT Cobra and Shelby models. It quickly became its own legend, earning a permanent place in Mustang performance lore.
